## THE PROFESSIONALS REPRESENTING OUR BRAND. MEET THE H-TEAM AMBASSADORS

### **Andy Campbell – Forestry (left)**

Andy has spent most of his working life in the forest. When not logging or running chainsaw training courses he may be found training for and competing in precision chainsaw competitions both here in the UK and abroad. He has represented the UK in all 5 of the European Logging Championships since they started in 2009. Andy is chairman of the UK Loggers, who send a team to represent the UK in the World Logging Championships where he has attended as team leader for numerous years. The UK Loggers also run our annual national precision chainsaw championship. Andy is also a Technical Standards Verifier for Lantra Awards and an assessor for City and Guilds certificates of competence.

### **Josephine Hedger – Arboriculture (centre)**

Multiple World and European Tree Climbing Champion and former foot locking world record holder. As well as regularly competing globally, Josephine runs a successful arborist business with her husband, employing 10 people and also runs an Arboriculture training school. Josephine is extremely passionate about climbing and the Arboriculture industry.

### **Tim Bendle – Forestry & Arboriculture (right)**

Tim has 34 years experience working as a professional contractor in the Forestry & Arboriculture Industry. Tim's extensive experience stretches to 25 years as a City & Guilds NPTC Assessor and Lantra Instructor in Forestry and Arboriculture. Tim is also one of the Principal Technical Standards Verifiers for City & Guilds NPTC and a long standing Lantra Technical Standards Verifier for Forestry and Arboriculture. Tim performs independent training and also is contracted to the Royal Agricultural University, Cirencester covering all chainsaw, climbing and forestry/arboriculture machinery activities. Tim has enjoyed a close working relationship with Husqvarna for the last 25 years and feels passionate about the brand and its continued support to the Forestry & Arboriculture Industry.

**HusqvarnaUK**

Husqvarna tools for forests, parks and gardens are born from a unique relationship between man, machine and nature – between our company and the people who use our equipment to shape nature every day. Dedicated people, who need the very best tools and machines to achieve the very best results.

When the going gets tough, Husqvarna tools are tougher. When work gets hard, they're lighter, more comfortable to handle and easier to use. Yet they always affect your surroundings as little as possible when it comes to noise and pollution. Our job is to make you better and make sure you get the job done – smarter, easier and more efficient and safe than ever.

# WE ARE IN TUNE WITH NATURE

At Husqvarna we take great pride in driving our business with one clear goal: to always stay in tune with nature. For us, that means that in everything we do we strive to create beneficial links between us, our users and nature. Our products are developed to create intelligent relationships between people and nature, between our users and their gardens, through the use of the most intuitive technology and cutting-edge solutions available. We are in tune with nature, to enable a smart and carefree user experience. Today and tomorrow.

## A SIMPLER LIFE WITH INTELLIGENT TECHNOLOGY

Intelligent technology helps us provide solutions that simplify our customers' lives. Be it by integrating voice-commands through Alexa or Google Home, remote control app solutions, or energy-efficient brushless motors, we always look to new ways of applying our innovations to simplify and support a more efficient experience. Technology is the bridge that enables us all to be even more in tune with nature.

## CONTROL YOUR ROBOTIC MOWER FROM THE PALM OF YOUR HAND

The Husqvarna Automower® Connect app allows you to take full control of your Husqvarna robotic lawn mower. The app provides two modes of connectivity depending on model: Automower® Connect for long-range connectivity using cellular communication, or Automower® Connect@Home for short-range, using Bluetooth. See the status, start or stop, configure the settings or track the mower's GPS position – all from your phone.

Our open API solution enables endless connectivity possibilities of personalisation and add-on features through IFTTT (If This Then That).

AVAILABLE ON GOOGLE PLAY  
AND ON THE APP STORE

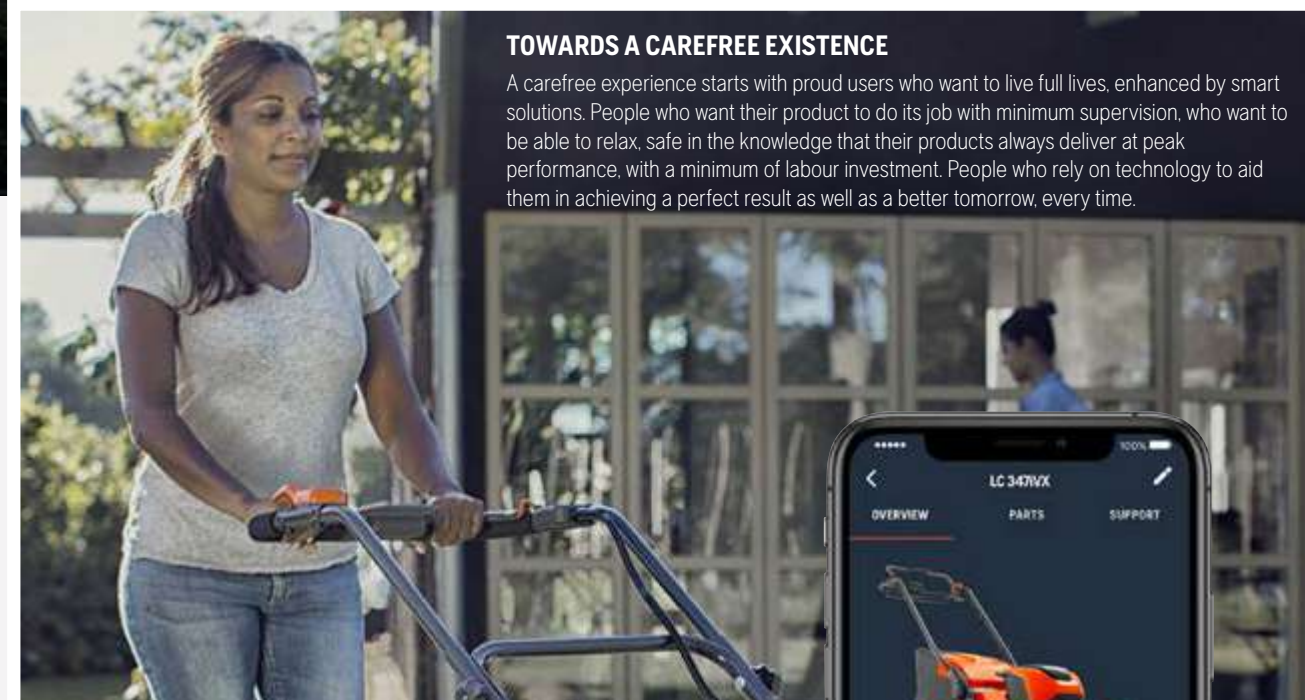

## MINIMISING THE IMPACT

Being in tune with nature equals a certain amount of demands – on us as a company as well as on our conscious customers. Respect for our environment and a sustainable mindset are a given. When investing in a Husqvarna product you can always rest assured every conceivable measure has been taken to minimise its impact and its carbon footprint.

## TOWARDS A CAREFREE EXISTENCE

A carefree experience starts with proud users who want to live full lives, enhanced by smart solutions. People who want their product to do its job with minimum supervision, who want to be able to relax, safe in the knowledge that their products always deliver at peak performance, with a minimum of labour investment. People who rely on technology to aid them in achieving a perfect result as well as a better tomorrow, every time.

## ELEVATE YOUR EXPERIENCE WITH THE HUSQVARNA CONNECT APP

The Husqvarna Connect app is a free of charge, digital toolshed for all your equipment, making your garden work easier and more rewarding. If you own any of our products equipped with Bluetooth, you get access to additional features such as runtime statistics, charge status, maintenance notifications, local dealer details and more.

AVAILABLE ON GOOGLE PLAY  
AND ON THE APP STORE

# NO MATTER YOUR NEEDS, WE HAVE THE SOLUTION

The Husqvarna product range covers everything from small and easy-to-use machines for common household tasks to heavy-duty, professional equipment with outstanding power-to-weight ratio designed for intensive full time use. So, no matter your needs and requirements, Husqvarna can provide you with the best solution.

## OCCASIONAL USE

### 100 SERIES

- BATTERY
- PETROL

The 100 series are designed for occasional use in smaller areas. The range offers durability, ease of use and minimal need for maintenance that will turn the machines into an essential part of the care of your lawns, hedges and trees. Ideally suited for use in residential gardens or for garden enthusiasts. For ultimate convenience select the 100 Series Battery range with low noise resulting in minimal disturbance, plus it's as easy as pushing a button and off you go.

#### Ideal for applications including:

- Domestic use
- Small areas
- Light garden maintenance and pruning

## DEMANDING OCCASIONAL USE

### 200 SERIES

- BATTERY
- PETROL

The 200 series are designed for more demanding occasional use in small to medium areas. The range is ideally suited for demanding use in residential gardens or by garden enthusiasts with more challenging areas to maintain. Offering higher capacity and increased features over the 100 series the machines are able to tackle a wider range of conditions efficiently and effortlessly. The products are focused on ease of use for more occasional use.

#### Ideal for applications including:

- Demanding domestic use
- Small to medium areas
- Garden maintenance

## FREQUENT USE

### 300 SERIES

- BATTERY
- PETROL

The 300 series are designed for frequent use in medium to large areas. The range offers good levels of performance for more demanding situations and smart features to make the task at hand easier and more enjoyable. Ideally suited to landowners, farmers and demanding domestic users who require durable machines delivering good levels of performance and operator comfort for moderate and frequent use.

#### Ideal for applications including:

- Frequent domestic use
- Medium to large areas
- Landowner use
- Farm and estate maintenance

## PART-TIME USE

### 400 SERIES

- BATTERY
- PETROL

The 400 series are designed for part-time use in larger areas. The range offers higher levels of performance and durability with smart features to improve user comfort and operating efficiency. The products are ideally suited to landowner and landscaper use. They are also suited for professionals who require good performance for more moderate and less frequent use.

#### Ideal for applications including:

- Landowner use
- Landscapers
- Farm and country estates
- Larger areas
- Sports facilities
- Part-time grounds maintenance

## FULL-TIME USE

### 500 SERIES

- BATTERY
- PETROL
- DIESEL
- HYBRID

The 500 series consist of a wide range of full-time use products developed especially for the demands of intensive professional use in a range of applications. The 500 series offer maximum performance and durability levels, this in combination with low emission technology and user focused ergonomics provides increased productivity and efficiency, as well as a better more sustainable work environment.

#### Ideal for applications including:

- Green space maintenance
- Sports and recreational
- Landscaping
- Arboriculture
- Forestry
- Noise sensitive areas (Battery)

HUSQVARNA GROUP

# DO ANY JOB WITHOUT NOISE OR EMISSIONS

The Husqvarna Battery Series offers all the power, performance and intuitive design you expect from Husqvarna. Our range of highly-efficient handheld products, driven by a powerful Li-ion battery pack, ensure that you get significantly less noise and vibrations, minimal maintenance – and no direct emissions at all. Also, you can switch batteries between machines, because Husqvarna batteries are interchangeable between all Husqvarna battery products.

## WHAT YOU GET AND HOW WE DO IT

### DON'T DISTURB

No petrol, no fumes, no exhausts and low noise – the silent motor provides a comfortable working environment and low disturbance for the surrounding areas.

### MAXIMUM RUNTIME

Husqvarna battery handheld products feature savE™, a battery economy mode which you can choose when you want to maximise your operational time. Some models also feature 3 performance settings allowing you to match power performance to the job in hand.

### PROTECTED CORE

Our batteries are all developed in-house and designed to withstand tough and frequent use. All sensitive components and cells are encapsulated and well protected against rain and dirt.

### HIGH PERFORMANCE

Our brushless electric E-TORQ motors, developed in-house, deliver high, consistent torque from low revs – enough for the most demanding tasks. The E-TORQ motors are encapsulated and designed to be maintenance-free.

### MADE TO FIT

Husqvarna's battery products and motors are developed directly together with the batteries. This means purpose-adapted application design that makes the machines both lighter and slimmer.

# WHY CHOOSE BATTERY?

## THE BENEFITS OF THE HUSQVARNA BATTERY SERIES

### MAXIMUM FLEXIBILITY

Our battery system can be used on all Battery Series products making them extremely flexible. The batteries have features which prolong lifespan and allow them to be run and recharged continuously. Always ready to use.

### HIGH PERFORMANCE

Powerful compact and long-life Husqvarna developed motors with low weight offer instant and equal torque no matter what the operating speed. This results in performance which exceeds petrol equivalent machines. Our E-TORQ motors also offer 90% efficiency for maximum runtime.

### SAVES YOU MONEY

Costing as little as 4p to recharge a battery, the machines have a much lower cost to operate compared to petrol equivalents. The benefits are even higher when used professionally or full time.

### EASY TO USE

Low weight and excellent balance make the products extremely comfortable to handle. The machines are switched ON and OFF at the push of a button via the unique keypad making them effortless to start and also protected against accidental activation.

### 500 SERIES

### PROFESSIONAL DURABILITY

Using our vast experience of what is required to meet the needs of professional use, all of our 500 series battery products are put through the same duration lab test procedures as our 500 Series 2-stroke petrol products.

### HEALTHIER WORK

With no direct emissions our battery products are clean and pleasant to use. This is especially beneficial when working in confined spaces and allows safe use in covered and indoor areas.

### LOW NOISE

Products are up to 18db(A) lower noise than petrol equivalents. A reduction of 3dB(A) is seen as half the noise level. This makes for a comfortable work environment and low disturbance for others, enabling the possibility to work in noise sensitive areas.

### ALL WEATHER USE

Our 500 Series products are IPX4 rated and can be used in the most demanding weather conditions. The sealed motors, electronics and batteries protect against ingress of dirt and moisture allowing you to keep working.

### COMFORTABLE USE

With less moving parts our products offer lower levels of vibration when compared to equivalent petrol machines. This allows the machines to be used for longer periods maximising work output whilst increasing comfort.

### FLEET SERVICES

Husqvarna Fleet Services is fully compatible with the Husqvarna Battery Series. Fleet Services allows landscapers and contractors to take full control of their operations. Giving insights in to their daily business allowing a more profitable & efficient operation.

“Husqvarna's professional range of battery products have brought a new and refreshing aspect to a 34 year career in tree care for me. Apart from the physical and environmental benefits, Husqvarna's battery powered products have given me a faster, more efficient and far more enjoyable way of working.”

Tim Bendle, H-TEAM Ambassador

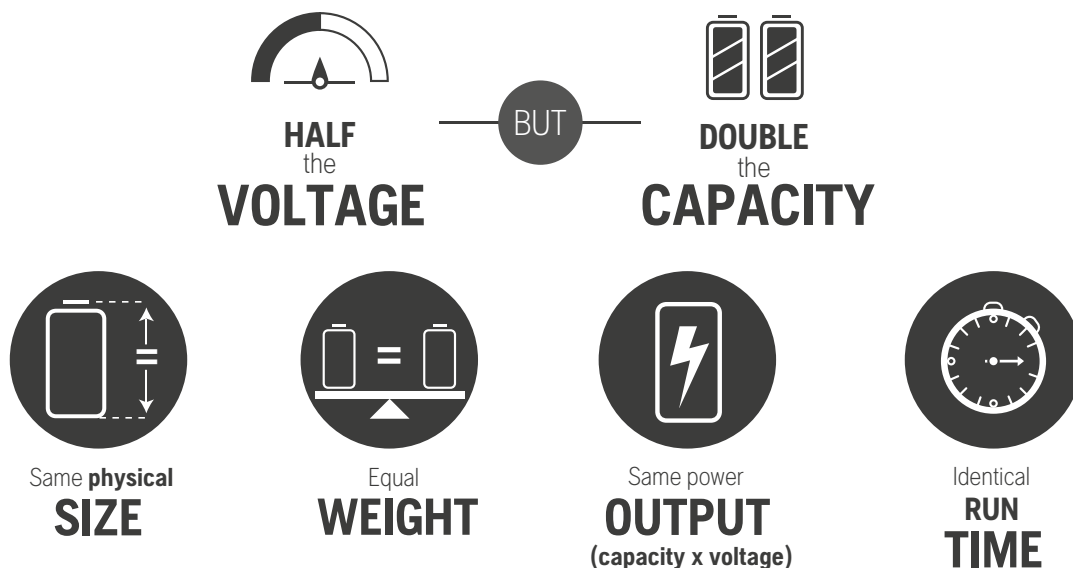

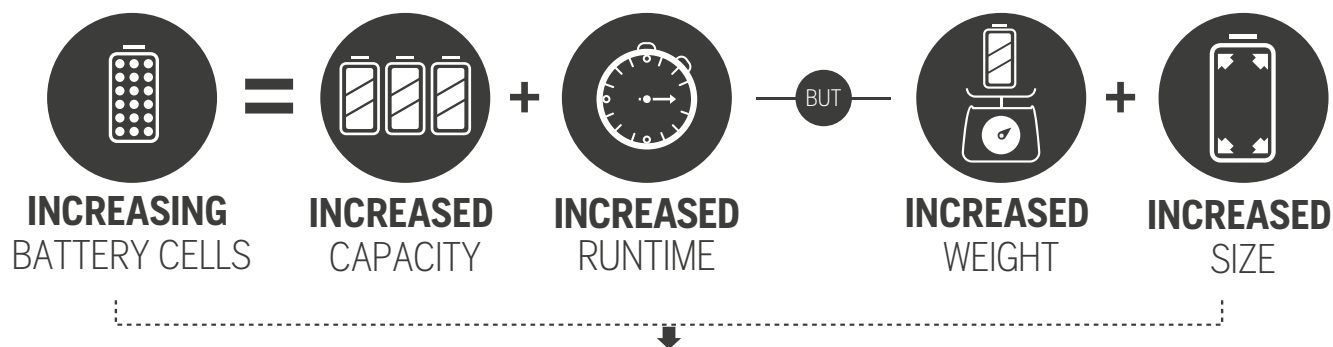

# MAXIMUM FLEXIBILITY AND OPTIMUM PERFORMANCE

## WHY WE USE 36V LI-ION

If we compare a 36V Li-ion (5.2Ah) battery versus a 72V Li-ion (2.6Ah) battery:

### TO IMPROVE BATTERY PERFORMANCE IT REQUIRES:

Number of cells a battery can be increased by	10 (BLi100)	20 (BLi200)	30 (BLi300)	40
<b>36V BATTERY</b>	✓	✓	✓	✓
<b>72V BATTERY</b>	✗	✓	✗	✓

=

## OFFERS MAXIMUM FLEXIBILITY

FOR USE WITH HANDHELD MACHINES

- ✓ RANGE OF APPLICATIONS
- ✓ HIGH PERFORMANCE
- ✓ COMPACT SIZE
- ✓ LOW WEIGHT

# PRODUCT USE GUIDE

## WORKING TIME ON ONE CHARGE

The working time available with a fully charged battery depends on three variables: the capacity of the battery, which machine the battery is used with and the type of work you are doing. The chart shows an estimate of the operating time you can expect from your Husqvarna battery equipment in different work situations.

## OCCASIONAL USE

The 100 Series is designed to be light and easy to use with features that makes even the most demanding tasks in the garden easy to overcome. The batteries are interchangeable between all machines giving maximum flexibility.

**Ideal for applications including:**

- Domestic use
- Light garden maintenance and pruning

## 110iL

NEW

Li-ion 36V

Light, convenient and easy to use high efficiency battery trimmer for homeowner use. Ideal for trimming lawn edges.

- Intuitive keypad
- Edging mode
- Automatic shut down
- Automatic line feed
- Adjustable front handle
- Kit includes 40-B70 and 40-C80

## OCCASIONAL USE

The 100 Series combi pole system is perfect for trimming and pruning high trees and hedges where long reach is required. The telescopic pole allows you to adjust the length whilst the split shaft makes transport and storage easy.

The hedge trimmer and pole saw attachments are interchangeable meaning you only need one machine for two tasks.

**Ideal for applications including:**

- Domestic use
- Garden maintenance and pruning
- Tall trees and hedges
- Tree thinning

## 120iTK4-H

Telescopic pole hedge trimmer, equipped with a telescopic tube with up to 4m reach and split shaft for easy transportation. Adjustable 7 angled cutting head for convenient cutting positions. Part of the 120iTK4 Combi Series.

- 2.800 cuts/min
- Split shaft - transport mode
- 7 angled cutting head
- Keypad with savE™
- 50cm blade length
- Kit includes 40-B70 and 40-C80

Voltage	Motor type	Vibration levels F/R	Weight

## 120iTK4-PH

Li-ion 36V

120iTK4 is a Telescopic pole product, which means that you can combine the "body" of the machine with either a pole saw or a hedge attachment. This makes it a versatile and convenient tool for several operations.

- Includes pole saw & hedge trimmer
- Split shaft - transport mode
- 7 angled cutting head on HK4
- Keypad with savE™
- Tool-less tensioner on PK4
- Kit includes 40-B70 and 40-C80

Voltage	Motor type	Vibration levels F/R	Weight
36V Li-ion	2 Brush motor	0.793 / 0.773m/s <sup>2</sup>	61kg (excl. battery)

## DID YOU KNOW?

When registered, Husqvarna products are supplied with a 2 year warranty. 2 Year warranty applies to domestic use only.

Machines must be registered by an Authorised Husqvarna dealer. Find out more on page 267

## PART-TIME USE

Machines designed for demanding domestic and landowner use. Choose the 315iC for lighter applications and for use in noise sensitive areas, ideal for demanding domestic use. For more heavy duty medium density applications or when used for longer periods select the 135R which is supplied with ergonomic harness and grass blade. Products are supplied with a highly efficient line head.

**Ideal for applications including:**

- **Property maintenance**
- **Overgrown areas**
- **Mowing larger areas (135R)**
- **Noise sensitive areas (battery)**

## 215iL

NEW

Li-ion 36V

Powerful battery trimmer, ideal for quick and easy trimming of lawn edges and tall grass in larger gardens.

- Intuitive keypad with savE™
- Adjustable handle
- Kit 1 includes B70 and C80
- Telescopic shaft
- Automatic shut down
- Kit 2 includes B140 and C80

Voltage	Motor type	Vibration levels F/R	Weight

## FULL-TIME USE

High performance battery hedge trimmers and pole saws designed for professional use. The products feature compact high torque motors giving constant levels of torque no matter what the cutting speed. This makes them ideal for a range of applications.

All models offer petrol performance with lower noise, running costs and no direct emissions.

**Ideal for applications including:**

- **Landscape maintenance**
- **Parks and public spaces**
- **Noise sensitive areas**

## 520iHD60

Very quiet but highly efficient professional battery hedge trimmer with excellent ergonomics. Weatherproof (IPX4) with low noise and vibrations.

- High torque motor
- Adjustable rear handle
- 4000 cuts/min blade speed
- Keypad with savE™
- Dual sided blade
- Weatherproof (IPX4)

## PART-TIME / FULL-TIME USE

Collection and mulch battery lawn mowers designed for full-time professional use on medium and larger areas in the most demanding conditions. Featuring commercial grade components and a range of commercial batteries that deliver outstanding performance, durability and reliability no matter what the application. The machines are simple to use and very easy to maintain.

**Ideal for applications including:**

- **Municipalities**
- **Landscape and grounds maintenance**
- **Parks and public spaces**
- **Noise sensitive areas**
- **Sports turf**

## LC 551iV

High performance fully professional self-propelled battery lawn mower designed for full-time use. High performance cast aluminium deck giving excellent collection performance. Digital variable speed control, user interface and Fleet Services™ compatible.

- Collect / rear eject
- Adjustable, folding handles
- Integrated x2 or backpack battery
- 65 litre collector
- Cast aluminium deck / wheels
- Central height adjustment
- Vibration level 0.3m/s<sup>2</sup>
- Weather proof (IPX4)

## COMFORTABLE BATTERY SYSTEM BELT

Husqvarna Flexi battery belt allows you to carry your spare Husqvarna BLi batteries and accessories on your hips for added comfort during long, efficient workdays. By connecting your product to a battery in the belt, you can also reduce the carrying weight. Durable and comfortable design for tough work.

Robust design for carrying a number of batteries and accessories

Water-resistant material

Possible to add braces, available as option.

5 fixing points for batteries and application specific tools

Tool-less system for moving batteries and accessories

Universal carrying system for accessories

### BATTERY BELT FLEXI - CONNECTOR KIT

Enables backpack battery only products to be powered using a BLi integrated battery whilst allowing additional batteries and accessories to be carried.

- 5 fixing points
- 1 BLi carrier included
- Accessory bag included
- Carry up to 3 BLi batteries
- 1 BLi carrier with connector included
- Connector for 536LiBX / 540iBX only

Model	Order PNC	RRP ex VAT	RRP inc VAT
Flexi connector kit	590 77 67-03		

### BATTERY BELT FLEXI - ADAPTER KIT

Enables Husqvarna BLi integrated batteries to be connected to the product from the belt instead of in the product, reducing overall product weight.

- 5 fixing points
- 1 BLi carrier included
- Accessory bag included
- Carry up to 3 BLi batteries
- 1 BLi carrier with adapter included

Model	Order PNC	RRP ex VAT	RRP inc VAT
Flexi adapter kit	590 77 67-02		

### BACKPACK ADAPTOR

Enables battery belt flexi - connector kit to be used with complete battery series handheld range (excludes 536LiBX / 540iBX).

Model	Order PNC	RRP ex VAT	RRP inc VAT
Adaptor kit	582 78 05-01		

### BLi CARRIER

BLi battery carrier for carrying additional batteries, clips on to flexi battery belts. Maximum 3 BLi carriers per belt.

## ! A MINIMUM OF MAINTENANCE FOR MAXIMUM PERFORMANCE

Husqvarna battery-powered products need virtually no mechanical maintenance, however, sharp cutting equipment is always recommended and the electronics and software should be checked regularly to ensure problem-free operation. Let your battery product be serviced by qualified Husqvarna technicians using only Genuine Husqvarna or recommended spare parts. This will support the product's performance and lifetime. See your owner's manual or consult your Authorised Husqvarna dealer if any uncertainty occurs.

# PROFESSIONAL PERFORMANCE

Our product development never stops, and neither does our collaboration with the professional forestry workers who work with our machines. This is how we create chainsaws that help you work longer, producing less vibrations for less fatigue, and equipped with features that deliver high levels of safety. Every model gives you the power, performance and design excellence you expect from Husqvarna.

# WHAT YOU GET AND HOW WE DO IT

## EFFICIENCY AT ALL TIMES

User-centric design not only spares your body, it also enables you to stay alert and productive. This is why our saws are packed with solutions that make your work convenient – and efficient.

## RELIABLE CONSTRUCTION

For us, efficient chainsaw work is not synonymous with just power. A durable construction along with good safety is equally important when we design our saws, to keep you and the machine in good condition.

## OPTIMAL PERFORMANCE

For fuel powered chainsaws, AutoTune™ automatically adjusts the engine for optimal operation based on temperature, fuel type, altitude, etc. The battery chainsaws all feature efficient motors with an impressive power-to-weight ratio.

## RAW POWER

The patented X-Torq® engine technology in our petrol-powered chainsaws uses pure air instead of an air-fuel mixture to scavenge the exhaust fumes. This results in improved fuel efficiency and lower exhaust emissions compared to conventional 2-stroke engines.

## LESS FILTER CLEANING

Air injection™ – is a centrifugal air cleaning system for reduced wear and longer operating time for our petrol-powered chainsaws. You will be able to work longer shifts without cleaning the air filter.

\* Compared with equivalent models without this feature.

# GIVING YOU THE POWER FOR BETTER PERFORMANCE

High performing battery chainsaws designed for professional users who want a lightweight and balanced chainsaw with low running costs

Ergonomically designed handles for safe, comfortable grip. G-model equipped with heated handles.

Air Injection™ technology and new version of AutoTune™ for optimized and reliable runtime.

New professional grade filter design with improved and more robust seal between filter and filter holder capable of handling extremely dusty and dirty conditions.

Extremely well-balanced saw body with low gyroscopic forces for the very best manoeuvrability and handling.

Improved cutting capacity (an increase of up to 15% compared to the predecessor)

New and improved engine design, better cooling capacity and longer lifetime.

Visible fuel level and secure fuel cap with threads for gradual pressure relief to prevent fuel spill.

## CARE

Find out more on page 267

## IMPROVE YOUR PERFORMANCE AND STAY COMFORTABLE AND SAFE

Husqvarna's X-Cut™ chains and X-Force™ bars are specially developed and are the perfect match for Husqvarna chainsaws. By choosing X-Cut™ and X-Force™, you'll be sure to get the very best performance from your chainsaw.

**Read more on page 72**

In order for you to stay safe while working, we offer an extensive range of protective clothing with the latest innovations in design and material. All our clothing will provide you with the level of protection and comfort you need to get the job done safely.

**Read more on page 268**

## OCCASIONAL USE 100 SERIES

## FOR A PRUNING AND CUTTING FIREWOOD

Chainsaws that deliver good performance and are designed with ease of use in mind, intended for occasional use.

## PART-TIME USE 400 SERIES

## FOR FELLING, ESTATE MAINTENANCE AND FIREWOOD

All-round petrol and battery chainsaws that are easy to start, use and maintain. Designed for more frequent use in more demanding conditions.

## FULL-TIME USE 500 SERIES

## FORESTRY AND ARBORICULTURE

Our most technically advanced range of chainsaws designed for full-time intensive use in the most demanding conditions. The XP® range are developed solely to maximise your performance offering excellent power to weight ratio, class leading ergonomics and innovative solutions which optimise performance without compromise.

## ARBORICULTURE T 500 SERIES

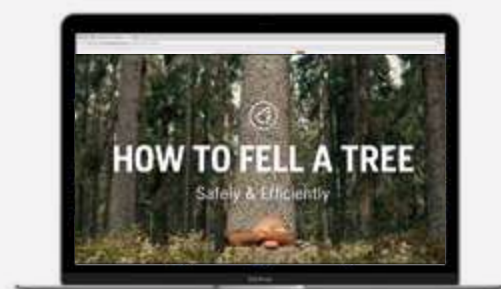

## FOR TRAINED ARBORISTS

Our top-handle saws are all slim, lightweight, convenient and powerful machines. Features such as Low Vib and Air Injection™ enable you to work nonstop at consistently high performance levels, even when you are tackling challenging work in really difficult conditions.

## LEARN ABOUT SAFE AND EFFICIENT TREE FELLING

Welcome to Husqvarna Chainsaw Academy – our online source about how to work safely, conveniently and efficiently at all times. You'll find everything from guides about choosing the right chainsaw, planning the felling and making the directional notch to limbing and cross-cutting. Includes tips on what to wear, and useful tools and accessories. Go to [chainsawacademy.husqvarna.com](https://chainsawacademy.husqvarna.com)

## OCCASIONAL USE

Chainsaws that deliver good performance and are designed with ease of use in mind, intended for occasional use.

**Ideal for lighter tasks such as:**

- Cutting firewood
- Felling smaller trees
- General property maintenance
- Pruning
- Carpentry work

## 120i - KIT

Li-ion 36V

Light, extremely easy to use battery powered saw ideal for garden maintenance, features tool-less chain tensioner.

- Brushless motor
- 12m/s chain speed
- 30cm / 12" bar
- Keypad with savE™
- Low noise
- Kit includes BLi20 and 40-C80

Voltage	Motor type	Vibration levels F/R	Weight
36V Li-ion	BLDC Brushless	3.5 / 3.8m/s <sup>2</sup>	2.9kg (excl. battery)
Model	Order PNC	RRP ex VAT	RRP inc VAT
120i - Kit	967 09 82-02		
120i Unit only	967 09 82-01		

## 120 II

Robust, easy to use saw for domestic use with Low Vib® system. Easy maintenance and less emissions thanks to X-Torq® technology.

- X-Torq®
- Low Vib®
- Air Injection™
- Combined choke / stop control

Displacement	Power output	Vibration levels F/R	Weight
38.2cm <sup>3</sup>	1.4kW / 1.88hp	2.1 / 2.7m/s <sup>2</sup>	4.85kg

## H-TEAM TIP

Personal protective equipment should be worn when using a chainsaw.

This should include :

- Protective trousers with chainsaw protection
- A helmet with visor and hearing protection
- Boots with chainsaw protection
- Gloves with chainsaw protection on left hand

**Locate your nearest dealer**

Visit: [www.husqvarna.com/uk/dealer-locator](http://www.husqvarna.com/uk/dealer-locator)

## 420EL

Electric chainsaw with great performance, manoeuvrability and high chain speed. Comes with tool-less chain tensioning.

- In-line motor
- Tool-less chain tensioner
- 14.5m/s chain speed
- 5m cable
- Oil level window

## PART-TIME USE

All-round petrol and battery chainsaws that are easy to start, use and maintain. Designed for more frequent use in more demanding conditions. Standard features include; easy starting, flip up filler caps, quick release engine cover and a combined start / stop switch. 340i battery chainsaw offers 40cm<sup>3</sup> petrol equivalent performance whilst being easy to use and low noise.

**Ideal for heavier duty tasks such as:**

- **Farm and estate maintenance**
- **Heavy duty firewood cutting**
- **Felling larger trees**
- **Pruning**

## 340i

Li-ion 36V

Lightweight and efficient all-round battery saw ideal for cutting smaller diameter timber, firewood and farm and estate maintenance.

- LED keypad with saveE™
- Low noise
- 40cm<sup>3</sup> petrol performance
- Maximum performance with BLi30
- Slim body
- Tool-less tensioner

“The T540i XP® has meant I get all the benefits of using battery products but with the added bonus of more power and cutting capacity to deal with larger diameter timber. I have been very impressed with this chainsaw and believe this is a game changer for the Arb industry.”

Josephine Hedger - H-TEAM Ambassador

● = Available (●) = Accessory — = Not available \*Equivalent sound pressure level, according to ISO 22868, is calculated as the time-weighted energy total for different sound pressure levels under various working conditions. Typical statistical dispersion for equivalent sound pressure level is a standard deviation of 1 dB (A). \*\*Noise emissions in the environment measured as sound power (LWA) in conformity with EC directive 2000/14/EC. The guaranteed sound power level includes variation in production as well as variation from the test code with 1–3 dB(A). \*\*\*Equivalent vibration level, according to ISO 22867, is calculated as the time-weighted energy total for vibration levels under various working conditions. Reported data for equivalent vibration level has a typical statistical dispersion (standard deviation) of 1 m/s<sup>2</sup>.

**NOMINAL POWER** A new machinery directive (2006/42/EC) came into force on January 1, 2010, requiring manufacturers to declare the nominal power of engines, in kilowatts (kW). The power rating of the engines indicated is the average net power output during a normal working situations and meets applicable noise regulations (at specified rpm, see owner manual) of a typical production engine for the engine model measured to SAE standard J 1349/ISO 1585. Mass production engines may differ from this value. Actual power output for the engine installed in the final machine will depend on the operating speed, environmental conditions and other variables.

● = Available (●) = Accessory — = Not available \*Equivalent sound pressure level, according to ISO 22868, is calculated as the time-weighted energy total for different sound pressure levels under various working conditions. Typical statistical dispersion for equivalent sound pressure level is a standard deviation of 1 dB (A). \*\*Noise emissions in the environment measured as sound power (LWA) in conformity with EC directive 2000/14/EC. The guaranteed sound power level includes variation in production as well as variation from the test code with 1-3 dB(A). \*\*\*Equivalent vibration level, according to ISO 22867, is calculated as the time-weighted energy total for vibration levels under various working conditions. Reported data for equivalent vibration level has a typical statistical dispersion (standard deviation) of 1 m/s<sup>2</sup>.

## ! ALWAYS USE GENUINE HUSQVARNA LUBRICANTS AND SPARE PARTS FOR YOUR CHAINSAW

These high quality spare parts and lubricants are developed to facilitate the care and maintenance of your Husqvarna equipment and enable trouble-free operation and storage. Husqvarna recommend regular service done by qualified technicians using only Genuine Husqvarna original or recommended spare parts. This will support the product's performance and lifetime. See your owner's manual or consult your Authorised Husqvarna dealer if any uncertainty occurs.

**NOMINAL POWER** A new machinery directive (2006/42/EC) came into force on January 1, 2010, requiring manufacturers to declare the nominal power of engines, in kilowatts (kW). The power rating of the engines indicated is the average net power output during a normal working situations and meets applicable noise regulations (at specified rpm, see owner manual) of a typical production engine for the engine model measured to SAE standard J 1349/ISO 1585. Mass production engines may differ from this value. Actual power output for the engine installed in the final machine will depend on the operating speed, environmental conditions and other variables.

# GIVE YOUR CHAINSAW EXTRA PERFORMANCE

Husqvarna bars and chains are built to the same high standard as our saws. By combining high quality materials with product development based on the demands of forestry professionals, we can specify the bar and chain combinations that deliver maximum efficiency and cutting performance with your Husqvarna chainsaw. Our **X-CUT™** chains and **X-FORCE™** bars are developed with our saws, giving you the optimal total performance you need to get the most out of your chainsaw.

## WHAT YOU GET AND HOW WE DO IT

### HUSQVARNA FOR YOUR HUSQVARNA

Husqvarna manufactured bars and chains have been developed to work optimally with our chainsaws, increasing your output and cutting efficiency.

### EASY MAINTENANCE

Our bars and chains offer you a product with easier maintenance and a design that gives longer product lifetime with minimal downtime.

### TOUGHER AND MORE DURABLE

Improved durability across our new bars and chains give an extended product lifetime and minimal down time which reduces overall cost of ownership and increases productivity.

### 10% MORE EFFICIENT

After rigorous testing, our **X-CUT™ SP33G** chain has been found to give 10% more cutting efficiency\* increasing your output and productivity.

### MADE IN SWEDEN

Our **X-CUT™** chains have been researched, designed and manufactured in our state-of-the-art factory in Huskvarna, Sweden\*\* to give optimal output with our chainsaws.

\* Compared to our H30 chain

\*\*SP21G not manufactured in Sweden

# MINIMUM DOWNTIME, MAXIMUM RESULTS

Our **X-CUT™** chains are the first ever saw chain to be developed, designed and manufactured by Husqvarna, in Sweden where our chainsaws are developed and tested. Husqvarna **X-CUT™** is designed to maximise your output, allowing you to work harder for longer without interruptions.

## MORE RUN TIME AND LESS MAINTENANCE

Cutters, materials and manufacturing processes are refined to the extreme, giving the **X-CUT™** chain outstanding sharpness out of the box, and even more importantly — sharpness that lasts considerably longer before filing is needed.

## GOLDEN TIE STRAP

Thanks to the intuitive golden tie strap function, you easily locate the starting point, simplifying the filing of the chain.

## BETTER RESULTS, EASIER WORK

**X-CUT™** is made for making faster cuts, and it's ready to be used straight out of the box. This improves your efficiency — and your results. The smooth cutting reduces the feed force needed, making the work easier on your body.

## LESS ADJUSTMENTS AND LESS RISK OF DAMAGE

The **X-CUT™** chain is pre-stretched at the factory so you can work longer before re-tensioning is needed. No unnecessary chain tension required. The risk of damaging the cutting system with a slack chain is also decreased.

## LESS COST AND LESS SERVICE

A carefully balanced combination of construction, materials and processes mean excellent, dynamic durability. Wear on the cutting system is reduced — and so is the need for service.

## X-CUT™ CHAIN

### HUSQVARNA X-CUT™ SP33G

Semi-chisel pixel .325" 1.3mm chain developed and manufactured by Husqvarna. Low kick guard, narrow kerf, low stretch and bumper drive link. Developed for demanding professional use on mid-size chainsaws, up to 55cm<sup>3</sup>. Original equipment on most Husqvarna 400 series chainsaws.

### HUSQVARNA X-CUT™ S93G

The semi chisel 3/8" mini 1.3mm S93G chain is developed to fit smaller chainsaws like the 100 Series or arborist top-handle saws. Optimised geometry and grinding provides high cutting speed. High cutting efficiency balanced against the available power from the chainsaw will enable a smooth and precise cut.

### HUSQVARNA X-CUT™ SP21G

SP21G is a semi chisel .325" mini 1.1mm chain especially developed to increase the cutting speed and efficiency for full-time professional use battery chainsaws. The chain is energy efficient and the optimised geometry delivers a consistently smooth cut, excellent bore cut as well as improved handling and manoeuvrability.

### HUSQVARNA X-CUT™ C85

An advanced, full chisel, high performance 3/8" 1.5mm chain for full-time professional forestry saws. With its outstanding durability and cutting efficiency, a sharpness that lasts and low stretch, it gives you better results, less need for maintenance and lower costs.

## GET THE PERFORMANCE PACKAGE FOR YOUR HUSQVARNA CHAINSAW

All of our **X-CUT™** chains are tested and developed with our chainsaws, ensuring they give you maximum performance and the best cutting efficiency when used with our saws.

Read more about our bars and chains on our website:

[www.husqvarna.com/uk/parts-for-chainsaws/](http://www.husqvarna.com/uk/parts-for-chainsaws/)

“The **X-CUT™ C85** is the sharpest and most durable low stretch chain I have ever used. The quality and quantity of wood chips on the ground speak for themselves!”

Andy Campbell - H-TEAM Ambassador

## USING DIFFERENT CHAINS

Husqvarna offers a wide range of chains for different needs. Use the chart below to find the recommended chain for your chainsaw:

PITCH	RECOMMENDED cm <sup>3</sup>	HUSQVARNA REF	CUTTER TYPE
1/4"	Pole saws, carving, battery chainsaws	H00	Micro chisel
3/8" Mini Pixel	Battery chainsaws	H38	Chamfer chisel low kickback
.325" Mini	Battery chainsaws	<b>X-CUT™ SP21G</b>	Mini - semi chisel
3/8" Mini	up to 40cc / Arborist chainsaws	<b>X-CUT™ S93G</b>	Semi chisel low kickback
Pixel .325"	40cc - 50cm <sup>3</sup>	<b>X-CUT™ SP33G</b>	Pixel - semi chisel
.325"	50cc - 60cm <sup>3</sup>	H25	Semi chisel
3/8"	60cc - 95cm <sup>3</sup>	<b>X-CUT™ C85</b>	Chisel
.404"	95cc - 120cm <sup>3</sup>	H64	Chisel

# DESIGNED BY HUSQVARNA FOR YOUR HUSQVARNA

**X-FORCE™** is Husqvarna's answer to the challenge for the perfect guide bar – that is both lightweight and low-maintenance to minimise your burden, yet durable enough to withstand tough work over long time. Husqvarna **X-FORCE™** guide bars are developed alongside Husqvarna **X-CUT™** chains, optimised for Husqvarna chainsaws. The result is a cutting system that makes your chainsaw perform on an entirely new level – delivering a fast, precise kerf with minimal friction loss.

## PROLONG YOUR BAR AND CHAIN LIFE

Always use Husqvarna chain oil. Incorrect use of chain oil is a common source of damage to saws and tends to lead to rapid wear of the bar, or the chain jamming or derailing. Our full range of chain oils can be found on page 293.

## KEEPING STANDARDS

Testing and fulfilling ISO, EN and ANSI standards and internal standards is a priority in the development of new Husqvarna accessories. Regular testing during production ensures lasting quality.

## HUSQVARNA XP® POWER 2

### FUEL DEVELOPED SPECIFICALLY FOR HUSQVARNA TWO-STROKE ENGINES

There is no better fuel for your Husqvarna chainsaw than our XP® Power 2 manufactured to unique Husqvarna specifications. Conveniently pre-mixed with exactly 2% of Husqvarna XP® synthetic two-stroke oil, it provides efficient combustion leaving a cleaner, cooler, healthier engine with a minimum of harmful substances in the emissions. It also prevents inner corrosion, makes starting easier, reduces the need for service and minimises downtime. VEF approved.

Anti-clog oil pickup for improved lubrication

## USING DIFFERENT BARS

### **X-FORCE™ BARS**

The **X-FORCE™** laminated bars offer easier maintenance and increased productivity. Depending on the model, these benefits come from features such as updated profiles, larger nose sprocket, cutouts in the centre plate, additional bearings, supported shields, and the removal of the grease hole. Available in 3/8" (15–20"), 3/8" Mini (12–14") and .325" (13–20").

### **HUSQVARNA X-TOUGH™ BARS WITH REPLACEABLE SPROCKET NOSE**

Solid RSN bar with great durability and robustness. The load is transferred to the high-quality roller bearing. The bars are coated to protect against scratches and corrosion. Replaceable tip is available as a spare part. Available in 3/8" (18–28").

### **HUSQVARNA X-TOUGH™ BARS WITH HARD NOSE**

Recommended for use with long bars to reduce load on the bar tip. The load is transferred to the high-quality roller bearing. The bars are coated to protect against scratches and corrosion. Replaceable tip is available as a spare part. Available with 3/8" chain pitch in lengths 18–28"

### **LAMINATED BARS WITH NOSE SPROCKET**

The gentle curve and small nose radius reduce the risk of kickback and facilitates good cutting control. Coated bars to protect against scratches and corrosion. Available in 3/8" Mini (10–16").

### **CARVING BAR - SMALL MOUNT**

Carving bars have a smaller nose radius and are suitable for sculpting and other precision work. Available in 1/4" (10–12").

### **HUSQVARNA X-PRECISION™ BARS**

The X-Precision™ bars are designed specifically for use with the X-Cut™ SP21G chain on battery-powered professional chainsaws. The optimized overall geometry and small nose radius provide efficient cutting with precise control, excellent bore cutting properties and reduced risk of kickback. Available in .325" mini (10–16").

## FILING EQUIPMENT

A sharp chain is as important as a powerful engine. For your chainsaw to operate effectively, safely and with precision it is vital to have a sharp chain. How often it needs to be sharpened depends on how frequently you use it. A good indication of the condition of your chain is the appearance of the wood chips. A sharp chain will produce fine, even wood chips, while a dull chain generates sawdust. You'll need a round file, a flat file and a filing gauge to file a chain. We also recommend that you use a stump vise to hold the bar, leaving both hands free for filing.

### FILING THE CUTTING TEETH

File using light and even pressure, with gentle pushing strokes, parallel to the gauge. Try to get the same length of all cutters.

## INTENSIVE ROUND CUT FILES

Designed for optimal cutting performance and longer lifetime.

Item	Order PNC	RRP ex VAT	RRP inc VAT
4.0mm - 3 pack	597 35 48-01		
4.0mm - 12 pack	597 35 48-02

5.5mm - 3 pack	597 35 61-01		
5.5mm - 12 pack	597 35 61-02		

## FLAT FILES

Quality files which give you the right geometry of the cutter.

Item	Order PNC	RRP ex VAT	RRP inc VAT
Flat files 6" - 12 pack	505 69 81-61		
Flat files 8" - 12 pack	505 69 81-81		

## FILE HANDLE

Patented file locking system. Fits all our files. 25° and 30° guides ensures correct file angling.

Item	Order PNC	RRP ex VAT	RRP inc VAT
File handle - Round files Ø 4.5-5.5mm	505 69 78-01		
File handle - Flat files	505 69 78-10		

### FILING THE DEPTH GAUGE

File all the way down to the gauge. If you file the depth gauge without a tool you, risk filing them too far down and the chain will produce chips which are too thick.

## FILE GAUGES

Specifically designed file gauges that give the correct filing angles. Use together with our round files.

Item	Order PNC	RRP ex VAT	RRP inc VAT
.325" H25	505 69 81-10

## ACCESSORIES

#### 1. TOOL BELT FLEXI

A flexible and ergonomic tool belt with excellent weight distribution and adjustable, one-hand-release belt buckle.  
593 83 74-01

#### 2. HARNESS FOR TOOL BELT FLEXI

Ergonomic design together with a chest strap evens the weight over the shoulders.  
593 83 76-01

#### 3. COMBI HOLSTER

Combi holster for lifting tong or lifting hook plus eyelets for measuring tape.  
593 83 83-01

#### 4. COMBI HOLSTER WITH WEDGE POCKET

Combi holster for lifting tong or lifting hook plus a pocket for wedges.  
593 83 83-02

#### 5. WEDGE POCKET

Pocket for multiple wedges, with individual sections keeping wedges in place.  
593 83 88-01

#### 6. UNIVERSAL BAG

Universal bag for first aid kit, GPS tracker, power bar and other smaller items.  
593 83 92-01

#### 7. MEASURE HOLDER

Holder to keep measuring tape in place.  
593 83 91-01

## 8. FILE AND COMBI-TOOL HOLDER

Holder for one round and one flat file, plus combi-tool. The holder effectively prevents broken or lost tools.

593 83 94-01

## 9. SPRAY CAN HOLDER

Holster for a spray can that makes sure it is securely kept in its place.

593 83 95-01

## 10. CARRIER HOOK

A multi-purpose hook for carrying various tools, water cans or other equipment.

593 83 96-01

## 11. UNIVERSAL TOOL HOLDER

Multi-purpose holder for carrying tools such as an axe, impact bar etc.

593 83 97-01

## 12. BREAKING BAR HOLSTER

The breaking bar holster from our classic tool belt can also be used with tool belt FLEXI.

505 69 32-92

## 13. CALIPER HOLSTER

The caliper holster from our classic tool belt can also be used with tool belt FLEXI.

505 69 32-04

## 14. CRAYON HOLDER WITH REEL

Holder for crayon with spring-loaded metal reel. Crayon holder for 12mm crayons. Robust design with a metal reel that could be attached to the tool belt or harness.

593 83 98-01

593 97 55-01, graphite crayons 12 pcs

## 15. ACCESSORY BAG

Extra bag, suitable for your fire extinguisher, water bottle, extra clothing and more.

590 77 71-01

## 16. FIRST AID KIT

Includes first aid bandage, 9 plasters in various sizes, 2 wound swabs, 1 mirror, 1 cotton bud.

504 09 53-01

## 17. TAPE MEASURES

With release hook.

Metric 15m/50' 586 99 76-01

Metric 20m/66' 586 99 76-02

## IMPACT BAR

Durable and robust impact bar with optimised grip and the front teeth give a better grip in wood.

Order PNC	RRP ex VAT	RRP inc VAT
577 40 28-01		

## LONG BREAKING BAR

Features forged bottom parts for extra strength. Front teeth give a better grip and a long handle makes it possible for a two-hand grip.

Item	Order PNC	RRP ex VAT	RRP inc VAT
130cm	574 38 72-01

580 76 13-01		

**COMPOSITE SPLITTING AXE S2800**

LENGTH 70cm  
WEIGHT 2.8kg

Powerful splitting axe for splitting large logs.

Order PNC	RRP ex VAT	RRP inc VAT
580 76 14-01		

**WOODEN HATCHET**

LENGTH 37.5cm  
WEIGHT 0.6kg

A hatchet for fire wood and garden work.

Order PNC	RRP ex VAT	RRP inc VAT
576 92 64-01		

**WOODEN HIKING HATCHET**

LENGTH 24cm  
WEIGHT 0.5kg

Smaller axe perfect for hiking and camping.

Order PNC	RRP ex VAT	RRP inc VAT
599 67 35-01		

**WOODEN FOREST AXE**

LENGTH 65cm  
WEIGHT 0.85kg

Suitable for small-scale tree felling, limbing logs, branch trimming and clearing bushes. The long handle gives power to the cut.

Order PNC	RRP ex VAT	RRP inc VAT
576 92 62-01		

**WOODEN CAMPING AXE**

LENGTH 37.5cm  
WEIGHT 0.5kg

A smaller axe ideal for outdoor life in forests and open land, suitable for most tasks like chopping wood for the campfire. The size is perfect for packing in your backpack.

Order PNC	RRP ex VAT	RRP inc VAT
576 92 63-01		

**WOODEN CARPENTER'S AXE**

LENGTH 50cm  
WEIGHT 1kg

Best suited for carpentry and other wood work. Recess in the head so that the hand gets as close as possible to the cutting edge for maximum control.

Order PNC	RRP ex VAT	RRP inc VAT
576 92 65-01		

**WOODEN SMALL SPLITTING AXE**

LENGTH 50cm  
WEIGHT 0.9kg

Best suited for basic splitting of lighter fire wood. The head is designed to go easy into the wood, and its small size makes it possible to use with one-hand grip.

Order PNC	RRP ex VAT	RRP inc VAT
576 92 68-01		

**WOODEN LARGE SPLITTING AXE**

LENGTH 75cm  
WEIGHT 1.5kg

Best suited for splitting thicker wood and fire wood. The long handle creates extra power and has space for two-hand grip.

Order PNC	RRP ex VAT	RRP inc VAT
576 92 67-01		

# FORESTRY AND ARBORIST TOOLS

## WOODEN SLEDGE AXE

LENGTH 80cm  
WEIGHT 2.5kg

The most powerful and heaviest axe made for splitting logs and large chunks of wood. It has a hardened striking face in the neck and can therefore be used as a sledge or in combination with a splitting wedge.

Order PNC	RRP ex VAT	RRP inc VAT
576 92 66-01

593 25 82-01		

## FUEL STORAGE

The Combi Can enables you to refuel quickly without splash effects and any waste. The two containers are designed to achieve an optimised fuel and chain oil ratio. It also features an integrated tool box for frequently needed spare parts and filing equipment.

Approved in accordance with UN recommendations.

## COMBI CAN

Item	Order PNC	RRP ex VAT	RRP inc VAT
Combi Can 5 + 2.5 Litre	580 75 42-01		
Fuel Spout	586 11 04-01		
Oil Spout	586 11 05-01		
Winter Oil Spout	586 11 07-01		

## + THE SMART COMBI CAN

### LEVEL WINDOW

For quick visual check of remaining fuel level.

### MECHANICAL LOCK

The spout has a mechanical lock to prevent unexpected opening and leakage.

### INTEGRATED TOOL BOX

Making it easy to bring extra tools and frequent parts.

### OVERFILL PROTECTION

The flow stops automatically when the machine's tank is full, which means you can lift the combi can without spilling fuel.

### ERGONOMIC GRIP

The handles are placed for optimal lifting ergonomics when carrying and refuelling.

### PARKING POSITION

The spouts can be rotated into a parking position to prevent damage during transportation.

## HAND SAWS

The new generation of Husqvarna saws have been ergonomically designed, to lie comfortably and safely in your hand during sawing and a stop at the end of the handle prevents you from slipping. This has proven particularly useful during pulling movements, and assists you in making smooth progress.

## FOLDABLE PRUNING SAW 200FO

With a total length of 47cm, the 200FO saw is an easy-to-use all-rounder for cutting back thicker branches. It is lightweight making it ideal for all minor sawing work in the garden, and other outdoor activities.

Order PNC	RRP ex VAT	RRP inc VAT
967 23 64-01		

## STRAIGHT PRUNING SAW 300ST

Total length of 40cm. The rigid, straight saw blade with impulse-hardened precision toothing means you receive particularly high sawing performance, quiet running, effort-saving sawing and a very long lifetime. The particularly smooth pulling cut is ideal for fresh and dry wood. Comes with blade cover.

578 07 71-01		

# FOR HARD WORK AND CLEAR GROUNDS

Brushcutting and grass trimming can be tough, lengthy jobs that demand endurance from both machine and operator. This is why our brushcutters, trimmers and clearing saws combine power and extreme durability with low weight. They are designed to be easy to handle and to deliver results you can be proud of. To ensure work is handled in the most comfortable way, Husqvarna offers harnesses designed to distribute the load optimally between shoulders, chest and back. For maximum comfort on long shifts.

## WHAT YOU GET AND HOW WE DO IT

### RAW POWER

The X-Torq® technology reduces harmful exhaust emissions and increases fuel efficiency, making work more comfortable and more economical.\*

### EASY TO START, EASY TO WORK WITH

For both petrol and battery-powered products a quick, easy start is imperative and we've made sure to develop technology to meet these demands. Just push a button or pull a cord: it's as easy as it should be.

### ROBUST DESIGN

Our professional range of trimmers, brushcutters and forestry clearing saws are powerful, industrious machines, designed for many years of demanding operation.

### BALANCED DESIGN

The handles are designed to be adjustable and vibration-dampened. High handle bars also make working on slopes more efficient.

### LONG OPERATING

Low Vib® – engines are equipped with very effective anti-vibration dampeners that absorb vibrations, sparing your arms and hands to let you work more comfortably during long shifts.

\* Compared with equivalent models without this feature.

# HIGH-END RESULTS, WHATEVER YOUR NEEDS

### OPTIMISED CUTTING EQUIPMENT FOR OPTIMAL RESULTS

Grass trimming or brushcutting becomes so much more rewarding when you fit the proper cutting equipment to your Husqvarna product. Husqvarna offers a wide range of proven trimmer lines, grass blades and grass knives with original equipment quality, optimised for your specific machine. For further guidance see pages 114–119 or consult your nearest Authorised Husqvarna dealer.

Find out more at [www.husqvarna.com/uk](http://www.husqvarna.com/uk)

## OCCASIONAL USE 100 SERIES

### TRIMMERS FOR DOMESTIC GARDEN MAINTENANCE AND OVERGROWN AREAS

Powerful and reliable trimmers, the perfect choice for giving lawn edges a great finishing touch, as well as trimming grass in those hard to reach places. All easy to handle and designed to help get the job done effortlessly.

## PART-TIME USE 100 - 300 SERIES

### BRUSHCUTTERS AND TRIMMERS FOR MORE DEMANDING JOBS

Designed for demanding domestic and landowner use. Perfect for farm and estate maintenance. 135R is perfect for large areas, supplied with a grass blade. 315iC battery trimmer is perfect for domestic maintenance in noise sensitive areas.

## FULL-TIME USE 500 SERIES

### BRUSHCUTTERS FOR FULL TIME PROFESSIONAL USE

High performance petrol and battery brushcutters designed for full-time professional use in demanding conditions. A choice of both loop and bullhorn handles to suit a range of different applications.

### ! STARTING AS EASY AS IT GETS

The Husqvarna 500 series of trimmers and brushcutters are equipped with intuitive controls for purge and choke. SmartStart® minimises the effort to pull the starter cord, and the stop switch automatically returns to the "ON" position. This makes the starting procedure virtually fail-safe.

### HIGH HANDLEBAR

High handlebar gives increased legroom when working on slopes, which makes operation more efficient.

## HUSQVARNA RECOMMEND

Technical Brushcutter and Trimmer clothing.  
Page 280

## HARNESSES

Ergonomically designed harnesses for optimised load distribution. Our harnesses effectively distribute the weight of the machine, for the best possible balance. This makes the machine feel lighter, easier to manoeuvre and less strenuous to operate.

### Ideal for applications including:

- **Brushcutters**
- **Pole products**
- **Battery products**

### BALANCE 35

Ergonomically designed harness that distributes the load optimally between your shoulders, chest and back. Designed for use with smaller brushcutters.

Order PNC  
537 27 57-02

● = Available (●) = Accessory — = Not available \*Equivalent sound pressure level, according to ISO 22868, is calculated as the time-weighted energy total for different sound pressure levels under various working conditions. Typical statistical dispersion for equivalent sound pressure level is a standard deviation of 1 dB (A). \*\*Noise emissions in the environment measured as sound power (LWA) in conformity with EC directive 2000/14/EC. The guaranteed sound power level includes variation in production as well as variation from the test code with 1–3 dB(A). \*\*\*Equivalent vibration level, according to ISO 22867, is calculated as the time-weighted energy total for vibration levels under various working conditions. Reported data for equivalent vibration level has a typical statistical dispersion (standard deviation) of 1 m/s<sup>2</sup>.

## ! ALWAYS USE GENUINE HUSQVARNA LUBRICANTS AND SPARE PARTS FOR YOUR BRUSHCUTTER OR TRIMMER

These high quality spare parts and lubricants are developed to facilitate the care and maintenance of your Husqvarna equipment and enable trouble-free operation and storage. Husqvarna recommend regular service done by qualified technicians using only Husqvarna original or recommended spare parts. This will support the product's performance and lifetime. See your owner's manual or consult your Authorised Husqvarna dealer if any uncertainty occurs.

**NOMINAL POWER** A new machinery directive (2006/42/EC) came into force on January 1, 2010, requiring manufacturers to declare the nominal power of engines, in kilowatts (kW). The power rating of the engines indicated is the average net power output during a normal working situations and meets applicable noise regulations (at specified rpm, see owner manual) of a typical production engine for the engine model measured to SAE standard J 1349/ISO 1585. Mass production engines may differ from this value. Actual power output for the engine installed in the final machine will depend on the operating speed, environmental conditions and other variables.

# GET ONE MACHINE FOR THE WHOLE GARDEN

## ATTACHMENTS THAT HELP YOU GET RID OF EVERYTHING

Start by choosing the machine that best suits your needs – then explore our wide range of attachments. Each attachment offers a quick connection, durable design and – most importantly – sufficient power to trim dense grass, cut vigorous bushes, blow or sweep huge piles of leaves and debris. Just to give some examples of what we can help you get rid of.

## ENJOY HIGHLY EFFICIENT WORK – AT WHATEVER HEIGHT

We never compromise when it comes to power, durability and productivity. Therefore, we have designed our combi machines to work equally well as our conventional machines. This means that you can enjoy convenient and powerful pole sawing, as well as really efficient and reliable cultivating.

## MAXIMUM VERSATILITY WHATEVER THE TASK

Our combi trimmers are the perfect choice if you want to have a truly smart, versatile work tool. You will only have to start and warm up one machine – then you are able to quickly and easily switch between many attachments to deal with all kinds of tasks – all year round. For maximum ease of use and low noise select the battery powered 325iLK which is designed for part-time use. The petrol and battery power units, together with all attachments, are as powerful and efficient as the conventional trimmers, pole saws, hedge trimmers, and so on. Also, a combi machine means less space for storage as well as less time and money for maintenance and service.

### RELIABLE PERFORMANCE

The petrol and battery power units, together with all attachments, are as powerful and efficient as the conventional trimmers, pole saws, hedge trimmers, and so on. All to give you reliable workmates that help you get the job done at all times.

### START UP ONE MACHINE

If you choose petrol power you will only have to start and warm up one machine – then you are able to quickly and easily switch between many attachments to deal with all kinds of tasks – all year round.

## OCCASIONAL / FULL-TIME USE

A range of applications can be managed using one power unit making them extremely flexible tools. The 100 series Combi machine is ideal for domestic use. The battery powered 325iLK is designed for part-time use and ideal in noise sensitive areas and the 500 series is designed for full-time professional use. All attachments are designed for both domestic and full time professional use and can be used on both petrol and battery powered machines.

**Ideal for applications including:**

- All round garden maintenance
- Landscaping
- Bushes and trees
- Hard surfaces and soil
- Grass
- Lawn maintenance

## 129LK

Lightweight combi machine designed for homeowner use. Easy to start and supplied with trimmer attachment.

# SHARP TOOLS FOR GREAT LOOKS

A hedge needs time and care to stay healthy and beautiful. A well-kept hedge will provide you with privacy while giving the garden solid lines and visual appeal. Different hedges need different types of tools, which is important to keep in mind when buying a hedge trimmer. All Husqvarna hedge trimmers are powerful, precise and efficient to give great results every time. They're machines designed to make your work easier.

## WHAT YOU GET AND HOW WE DO IT

### BUILT TO LAST

No matter if you choose to use a battery or petrol-powered hedge trimmer, the overall robust design will provide a long service life and make sure your trimmer makes easy work of even the toughest of tasks.

### LOWER YOUR IMPACT

Our battery-powered hedge trimmers are virtually free from emissions, whereas for petrol-powered machines, the engine technology helps reduce harmful exhaust emissions and increases fuel efficiency.

### QUIET OPERATION

The battery operation or our low noise engine technology together with the special design make our hedge trimmers quiet and easy to use. A very important aspect for everyone who operates in residential areas.

### SMOOTHER STARTING

The engine and starter have been designed so the machine starts quickly with minimum effort, getting you started quickly.

### LOW VIBRATIONS

Our petrol-powered engines are equipped with effective anti-vibration dampeners that absorb vibrations, whereas battery-powered machines all produce much less vibration, sparing your arms and hands.

# MAKE SURE YOU ALWAYS TRIM WITH FIRST CLASS RESULTS

Adjustable cutter bar angle

## EXTENDED HEDGE TRIMMERS REACH WHERE OTHERS STRUGGLE

Articulating extended battery and petrol trimmers are perfect when you need to reach difficult places without losing performance. They have superb handling, are easy to start, suit both high and low hedges and with back folding cutting head making them extra easy to store and transport.

- + Difficult trimming
- + Low and high hedges
- + Great handling
- + Easy storage
- + Telescopic extension

## DOUBLE-SIDED HEDGE TRIMMERS FLEXIBLE HANDLING AT ANY ANGLE

Double-sided hedge trimmers are designed for shaped sections of hedges. They offer efficient and comfortable operation with features such as Smart Start®, Low Vib® and adjustable handle on most models.

- + Shaping hedges
- + Coarse cutting
- + Great performance
- + Adjustable handles

- + Wide hedges
- + Precision cutting
- + Comfortable operation
- + Coarse Cutting

## SINGLE-SIDED HEDGE TRIMMERS STRAIGHT CUTS IN ONE MOVEMENT

Single-sided trimmers are supplied with long blades and still feature an optimised weight distribution to make it easier to make straight cuts with precision. The leaf catcher helps collecting leaves and debris, saving time and effort.

Find out more on page 267

## WHY CHOOSE A BATTERY HEDGE TRIMMER?

Low noise. No direct emissions. Low vibrations. Perfect balance. High performance. Extremely low operational cost. These are some of the criteria of an excellent hedge trimmer and that's exactly what you get from the Husqvarna Battery Series hedge trimmers.

Lightweight and perfectly balanced to facilitate comfortable work, even when trimming for extended hours. Plus, you'll enjoy the low maintenance of a battery-powered tool.

## FULL-TIME USE

High performance petrol and battery hedge trimmers designed for professional use. The products feature heavy duty commercial gearboxes and high knife speed for efficient cutting. Consider a battery model for equivalent petrol performance with lower noise, running costs and no direct emissions.

### Ideal for applications including:

- Landscape maintenance
- Parks and public spaces
- Noise sensitive areas (battery)
- Shaping

### 520iHD60

Li-ion 36V

Very quiet but highly efficient professional battery hedge trimmer with excellent ergonomics. Weatherproof (IPX4) with low noise and vibrations.

- High torque motor
- Adjustable rear handle
- 4000 cuts/min blade speed
- Keypad with savE™
- Dual sided blade
- Weatherproof (IPX4)

Voltage	Motor type	Vibration levels F/R	Weight
